

2022 Public Health Workforce Development Series

A virtual series conducted by Nova Southeastern University Dr. Kiran C. Patel College of Osteopathic Medicine Department of Public Health and Broward Regional Health Planning Council

Love Your Kidneys - March is National Kidney Month

Kidney failure does not discriminate – it can affect anyone of any race, at any age with diabetes, high blood pressure, or a family history of kidney disease. **Are You The 33%?** 33% of adults in the United States are at risk for kidney disease – that's 1 in every 3 people. This presentation will help you identify if you're at risk and why it's so important for you to know the risk factors.

Barbara Chatman
Regional Director
National Kidney
Foundation of Florida

Monday, March 28, 2022
Noon - 1PM

**RSVP to Workforce@brhpc.org
to receive the link to the webinar.**

About the Speaker: Barbara Chatman is the Regional Development Director for the National Kidney Foundation of Florida (NKFF). She is a Fundraiser, Educator, and Advocate for Kidney Health, Kidney Disease Awareness, Living Donors, and Organ Donations. "Making A Difference Today For Someone Who's Fighting For Their Tomorrow" is her mission. Barbara believes that she has a responsibility to educate others through her experiences, which began with the diagnosis of kidney failure for her husband in 2017.

Her personal experience created an opportunity to become a volunteer with the NKFF and now as the Regional Development Director, she oversees the South Florida area. The National Kidney Foundation of Florida is a non-profit organization dedicated to the prevention, treatment, and awareness of kidney disease. The mission of NKFF is prevent kidney disease, improve the lives of those who have it and increase all organs for transplantation. For more information, visit the website at www.kidneyfl.org or contact Barbara Chatman at 954-947-4033 | Email: bchatman@kidneyfla.org.
